09:00 am - 06:00 pm
Soodstrasse 52, Adliswil 8134, Switzerland

- 08:30 **Opening and registration**
- 09:00 **Opening Remarks**
Dr. Volker Gatterdam, Miltenyi Biotec
- 09:10 **Advancing Interaction Analysis: Principles and Next-Generation Applications of Focal Molography**
Dr. Andreas Frutiger, Dr. Volker Gatterdam, Miltenyi Biotec
- 09:40 **Chemical Nanotechnologies to Monitor Biomarkers of Brain Disorders**
Prof. Dr. Nako Nakatsuka, EPFL Geneva
- 10:20 **Coffee break**
- 10:50 **Elucidation of biomolecular interactions in biofluids to support drug discovery**
Dr. Sylwia Huber, Monisha Ratnam, Roche
- 11:30 **Focal Molography opens new Perspectives in the Kinetic and Thermodynamic Analysis of Protein-Ligand Interactions**
Prof. Dr. Friedrich W. Herberg, Kassel University
- 12:10 **Lunch break & Company Tour**
- 14:10 **Miltenyi Biotec Innovations: Driving Progress in Molography and Beyond**
Artem Siemens, Dr. Michael Wagner, Miltenyi Biotec
- 14:50 **Molography as a label-free method to study nanoscale kinetic features of integrin-mediated cell adhesion**
Prof. Dr. Robert Horvath, HUN REN
- 15:30 **Focal Molography for cells**
Prof. Dr. Dominik Meinel, FHNW
- 16:10 **Coffee break**
- 16:40 **Influence of small-molecule adducts to the VHL-ligand on VHL-protein affinity**
Pascal Raschke, University Würzburg
- 17:20 **Focal molography to accelerate HIT validation from DNA-Encoded Chemical Libraries**
Dr. Nicholas Favalli, Philochem AG
- 18:00 **Closing Remarks**
Dr. Tilman Hoss, Lino Biotech
- 18:30 **Networking and dinner at "Restaurant Riithalle" in Zurich city**
